PRODUCT DESCRIPTION

Highly Efficient Gas Burners

Minimising your energy consumption, while also helping you prepare dinner 35% faster, our highly efficient gas burners evenly distribute intense heat to the entire surface of your pots and pans. Using straight, upward facing flames, these burners can save you up to 25% energy, providing the ultimate in cooking efficiency.

High Power Wok Burner

Providing plenty of space for you to whip up sensational stir-fries, the gas hob's wok burner produces a powerful 5kW flame that distributes heat more effectively across the bottom of the pan, resulting in faster frying and improved cooking performance.

Cast Iron Pan Supports

Guaranteeing maximum stability for your pans, with generous spacing between burners, the stylish cast iron pan supports will add a professional touch to your kitchen. The straight and uniform design also allows pans to slide smoothly from burner to burner.

Auto Ignition

You can begin cooking straight away; simply press and turn the dial for instant automatic ignition.

Flame Failure Safety Device

Providing the ultimate peace of mind, our hob's flame failure safety device will automatically cut off the gas supply if the flame accidentally extinguishes.
